HIGH-QUALITY QUALITY CONTROL
AT AN ATTRACTIVE PRICE

Improve your quality control process with the EyeC Proofiler RS series. As a new entry-level product in the premium segment, the Proofiler RS system offers the high quality EyeC print inspection at an attractive price/performance ratio. The reliable pull-through scanner requires very little space, therefore fitting into tight workspaces. Popular options such as reading of 1D and 2D codes, color distance measurement, or the Pharma Security Workflow* are also among the comprehensive range of options for this system.

TOTAL SECURITY

High Speed and Accuracy

The intelligent algorithm of the EyeC Proofiler system compensates for typical printing process fluctuations and **only displays relevant deviations**. The **intuitive user interface** enables a complete, reliable, and documented inspection in just a few clicks while delivering even more **precise results**.

Pharma-compliant Quality Control

The EyeC software is developed **according to pharmaceutical guidelines** and fulfills the newest requirements of data integrity and security as well as Audit Trail. For the 900 RS and the 1050 RS an optional **Pharma Security Workflow** including Reviewer-Workflow, electronic signature, and EyeC Audit Trail Viewer helps pharmaceutical companies to easily integrate the system into existing processes.

Comprehensive Random Sampling

The EyeC Proofiler 900 RS / 1050 RS and 1500 RS performs **large-scale quality inspections in just one inspection run**. The scanner-based solution examines the entire content of the printed sample, such as **text, graphics, as well as 1D- und 2D-Codes**, against one or more approved PDF files and automatically recognizes all ups and relevant deviations. Use the system for your outgoing and incoming goods inspection or for monitoring the printing process. **Ensure the quality and compliance** of all types of print products and not only **reduce your waste, but also your costs**.

More Info about EyeC Proofiler RS

*Individual options are not available for the 1500 RS.

MAIN FEATURES

Entry-level Product into the Premium Segment
The EyeC Proofiler RS series is a top entry-level product with an outstanding price/performance ratio.

Space-Saving and Compact
small footprint when inspecting large sheets

Easy Use
Intuitive and uncomplicated operation of scanner and software

Fast Sample Inspection
Identifies all content deviations and print errors within a short time.

Relevant Deviations
Shows only relevant deviations for an efficient evaluation.

Comparison against PDF-File or Reference Print
Performs a comprehensive check of your samples against an approved template

For all Test Samples
Verifies various printed products:
Printed sheets, package inserts, labels, etc.

Inspection against Multiple Templates
Automatically compares gang-run prints against multiple PDF templates.

Selection of Predefined Parameter Sets
Customize inspection criteria with just one click.

Extensive Inspection Report
Documents the quality and offers a traceability of test results

EyeC Proofiler RS				
	Version	**900 RS**	**1050 RS**	**1500 RS**
Performance	Max. Scan width	914 mm (36")	1067 mm (42")	1524 mm (60")
	Max. Materia-width	1,100 mm (43,3")	1,100 mm (43,3")	1,570 mm (61,8")
	Scan time	16 sec	12 sec	14 sec
	Resolution	300 - 1200 dpi		400 dpi
Equipment	Dimensi-ons	1,360 mm x 540 mm x 279 mm		1,810 mm x 475 mm x 200 mm
	Weight	51 kg (112 lbs), inkl. Ständer		62,5 kg (138 lbs)
	Operating System	Windows 10 / 11 64-bit ; Ports:. USB 3 / Ethernet		

OPTIONS*

1D-Code-Inspection (Barcodes)

2D-Code-Inspection (Data-Matrix-Codes, QR-Codes)

Color Distance Measurement

File against File Inspection
